GOVERNOR TOMNIE is sitting on a high throne with his wife Selena ,surrounded by a royal Court in front of the pyramids of Giza .

LOKI rides up on his donkey, dismounts and runs up the stone steps .

LOKI I have words of strange travelers from the North seeking refuge .

GOVERNOR TOMNIE claps his hands .

TOMNIE Tell GAN to bid them an audience and I'll question them after lunch .Prepare a banquet just a simple meal of fish and rice and some of them flatbreads .

LOKI Hopefully they won't offend the offendi too much after lunch .

Acrobats from Mahoney's traveling circus perform songs and rhythmic acrobatics in front of a live studio audience and TOMMNIE and SELINA walk down the celestial stairs at the at the back of the SPHINX POSTERIOR PASSAGE and through the crowd of revelers .

As he walks through the pyramids he sees a convoy of camels and some horses that make their ways through mahoney's traveling circus and stop at the back of the SPHINX POSTERIOR PASSAGE the camels laying down so that Jacob and issue can dismount .

MOSES Governor Tommy these are the strange travelers who have come from the North

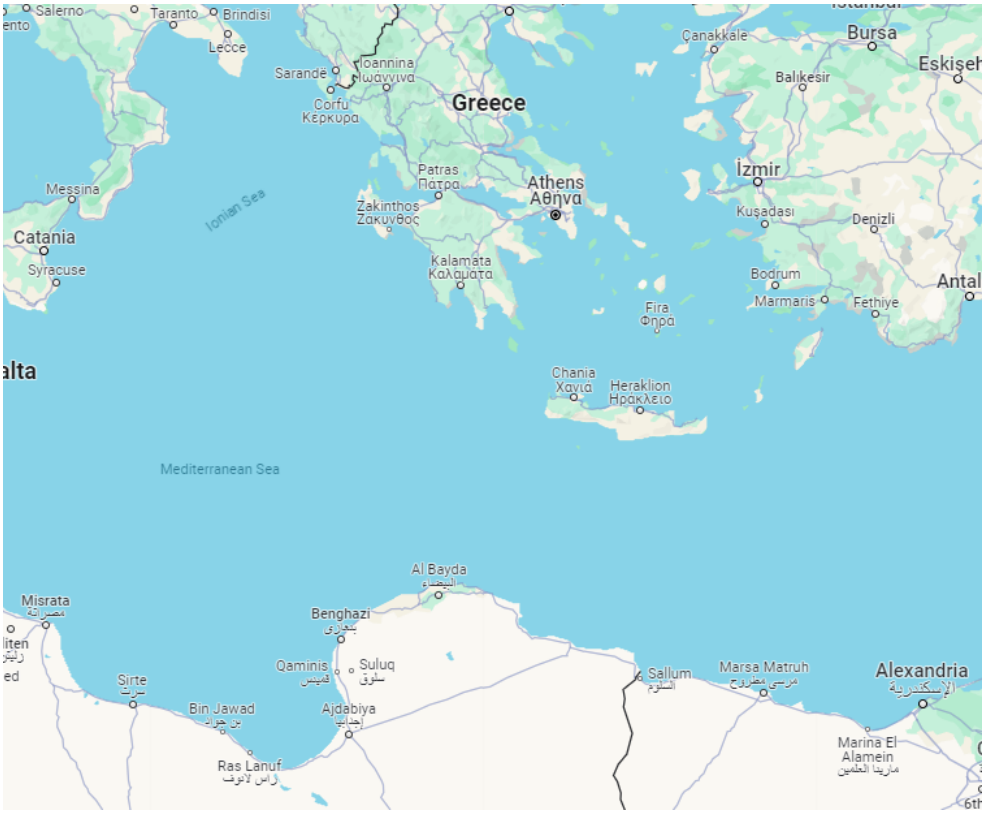
PHARAOH RAMSES These are the travelers from the NORTH claiming magic powers .
LOKI IT'S TRUE
JACOB Mount Ararat just north of Iraq
PHARAOH RAMSES Oh fine, this is my chief of staff SIMON and his wife BELINDA. If you'd like to come over to this market we'll see what you've got to offer .
JACOB Well I can irrigate the land at the source of the NILE ,could do the same here, we're waiting on a phone call .
HELEN of TROY What's a phone call?
LOKI It's one of these new devices you put it to your ear and you can speak to anyone you're connected with . Jacob calls on the INTEPID convoy. > > >
JESSOP Coming up on some grasslands towards the shore of the BLACK SEA .
JACOB `PHARAOH RAMSES wants to know if we can improve the lives of his tribe .
VICTOR That might be delayed as the PERSIANS have taken over the mothership .
JESSOP They keep coming up to us offering precious furs and asking us if we want a hot drink .
BELINDA That' what cats are like .

CAROL they're only little animals so we've left the ship to them .
PHARAOH RAMSES Luckily, universal translators work on us young girls .
CAROL pats her blue rinsed curly hair .
ISSUE My tricorder readings detect deposits of oil which have many beneficial uses you probably haven't exploited yet .
VICTOR Now the ship is disabled and the Persians have taken up residence there we may need a new power source .
JACOB Parts break down and we can't replace them unless we can exploit these oil deposits I found on this TOPOLOGICAL ANALYSIS .
ISSUE These Egyptians have metallurgy right here ,not as advanced as ours .
JANE SEYMORE A TOPOLOGICAL analysis in a TRILBY HAT will give us all the minerals we need to create practically anything .
VICTOR As long as the elements exist on this planet .
JESSOP We've got de- salinators to create fresh water and VEGETABLE PROTEIN INCUBATORS ,though we're going to have to get new syrups and flavors for them .
JACOB In conclusion our priority is to get a new energy source and set up the CRYSTAL BUCEPHALUS GIZMOS to desalinate the river Nile increasing the yield of the crops which are cultivated within one harvest .
JESSOP As per usual Jacob you have given us a very concise summary .
PHARAOH RAMSES If you can do what you say I may give you the land east of Here named Israel .
GUVNOUR TOMMNIE I say go for it .



As the Cock crows in the hay Barns for another day of truth and understanding the INTREPID convey traverse through flatlands with the women riding on donkeys till they get to the BLACK SEA . Soon the convoy reaches town surrounded by a high wood and sandstone wall .KEMP, TOWNSEND and CONNOR are waiting at the town Gates with leader ABANAZAR and BALAZAR .

LEADER ABANAZAR This is the town of DIMPLEX on the shores of the BLACK SEA .
FISHER I've made this temporary sketch of how we're going to make our encampment to the west of those boulders separating DIMPLEX from the seashore .
CAROL I'll start marking off areas for living quarters, washrooms and restaurant facilities .
They start erecting tents and clearing the area ,putting signs up next to the transmitter tripod near the water fountain .
LEADER ABANAZAR We know of your people PHARAOH RAMESE has offered full support as long as you keep giving this

precious clear water that tastes like the food of the gods .
They walk through into the middle of DIMPLEX town center and sit around in CHROME and WICKER chairs immediately waited on by NANU NANU SESCA women in belly dancers costumes .
BALAZAR This is actually this is very fine mineral water we don't get drink like this normally VICTOR
BERGMAN So this is DIMPLEX nr the BLACK SEA .
LEADER ABANAZAR And just across the way there is a CASSEROLE DISH .
BALAZAR Quite a large city of brick buildings we can take you there .
CAROL I've a call from the Pharaoh .
LEADER ABANAZAR That's Egypt to the west of Cairo at the Giza pyramid .
JESSOP Then we leave this evening Veronica. How are you?
VERONICA We're still at the mouth of the River Nile near the blue waters of the Mediterranean .I hear Jacob and ISSUE made it to CAIRO then you're expected there for an Audience with the Pharaoh .
VICTOR BERGMAN Well done for retrieving the transmitters from the shuttle Set up here on the tripod next to the water fountain .
JESSOP I will travel to Cairo with CAROL, KEMP ,TOWNSEND, AND CONNOR . VICTOR stay on hand , your technical expertise is going to be needed and carry on with your TOPOLOGICAL ANALYSIS of the area post haste .
CAPTAIN JESSOP , KEMP, FISHER and TOWNSEND follow LEADER ABANAZAR and BALAZAR from there HQ through the sandstone and wood high perimeter fence of DIMPLEX past wooden huts with people clothed in precious furs ,leather trousers, skirts, and died woolen jumpers to the center of the village next to the wishing well .
A cell with wooden fences with goats grazing , the airship floating 20 ft above tied by rope to the well .
LEADER ABANAZAR .Our farms are well away on the Hill and all their meats are brought down ready cooked .
ROSEY FLORENCE We have no live animal evisceration in the town .
BALAZAR We feel it would be inhumane to have live animals in the city so all food is cooked in the Farms on the Hill and brought down ready to eat .

CAPTAIN JESSOP Sounds good to me. I can't stand the side of Gorey entrails and neat blood brings me out in a rash.
KEMP climbs up the ladder and enters the cabin of the airship CARROLL ,TOWNSEND, CONNER, and JESSOP followed by .
KEMP Turbines to speed .
CONNOR Disengage anchor .
The AIRSHIP starts rising into the air and over the city wall with the people in DIMPLEX village waving them goodbye .
LEADER ABANAZAR Summon the watch and we're all going to CASSEROLE DISH over the other side of the Black Sea .
Elsewhere GOVERNOR TOMNI is leading a possession through the Giza pyramids to the SPHINX POSTERIOR PASSAGE .
GOVERNOR TOMNI Whoever improves the lives of the Egyptians is going to be buried here .
JACOB Oh really how do you get into the sphinx posterior passage .
GOVERNOR TOMNI You have a cup of coffee .
SELINA you can't enter it from the front with a cup of tea .
His chief YOUNOK and LOKI put staves into the side and push down .A large rock near the tail falls down revealing a sandstone staircase .
PHARAOH RAMESES like to follow me we'll go down into the burial chamber .
JACOB if you can get a hammer and chisel and put some lights On around your crypt later .
JACOB GETS A CALL .
KEMP We're coming into land .
CAPTAIN JESSOP we've made it over that large stretch of waters called the Mediterranean .
TOWNSEND It seems the caretaker generation are doing well near the source of the Nile and we followed the River Nile .
KEMP `we'll be with you soon .
PHARAOH RAMESES if you land over CAIRO you'll see the PYRAMIDS.
They walk out of the SPHINX to the pyramids and are joined by JACOB , ISSUE , MOSES and AARON as the airship flies over ,slowly descending near the TOMB of TUTANKHAMUN.
PHARAOH RAMESES Welcome to the INTREPID travelers that we can irrigate the land and increase their harvests .
they follow PHAROAH alighting stone steps of the Colosseum with

black and white onyx and emerald tiling into a throne room with a charcoal gray-tiled carpet a Welsh dresser with Prints of the Highlands opposite a display case containing various obje-da ,wall in maroon crushed velvet and a chandelier hanging from the Arctex sealing .
Ramese Selena and Tommy sit on a beige corduroy three piece suite and invite the intrepid crew to sit opposite on blue corduroy sofas and except mineral water from nanu Nanu SESKA WOMEN in belly dance has costume .
PHARAOH RAMESES If you can show my astronomer royal all your plans we can support you .
ARISTOTLE comes in dressed in LEATHER TROUSERS and WOOLIE JUMPER and takes off a FUR COAT, walks over and sits in a lazy boy armchair .
ARISTOTLE Run your plans with me and there'll be a banquet in your honor tonight .
RAMESE There's no time for that even now the Assyrian forces are attacking Troy
HELEN of TROY My children are under threat of death .
RAMASES I can give you more assistance if you help us in our quest to free the Trojans .
ARISTOTLE Trojans we might run out of Trojans you say .
PARIS They won't be any Trojans if you don't help us .
SELINA. NO CONDOMS?
KEMP What do you need from us?
RAMESES We need you to go in your airship over the Mediterranean to Greece to speak to the gods of mount Olympus .
KEMP And who are these gods
They hear a thunderclap and some rumbling and the ground starts to shake .
FISHER Those gods ok I'm convinced .
HELEN of TROY Paris was asked to judge a beauty contest and a golden apple was given to Aphrodite .She in terms blessed him and told him I was his .
KEMP LUCKY MAN .
HELEN of TROY And when he arrived at Troy a baby angel fired an arrow at me knowing I wanted children and quicker than you can say friend or foe I'd left my husband and had three children with Paris. My Assyrian husband is a commander in the ASSYRIAN army and they wage war on TROY .I managed to escape to find sanctuary here . I want to have children and the gods made me fall in love

with Paris .
ARCHIMEDES one day the ARC DE TRIOMPHE will agree with you .
CAROLE Where did that come from?
ARCHIMEDES I don't know one of my funny turns .
HELEN of TROY Ask the gods to work in our favor or save the children of Troy ,
JESSOP My stomach thinks it's throat's been cut , have you got anything to eat ?
RAMESES Yes we got some sweet meats, some dates and cucumber sandwiches with black pepper .
CONNER your carriage awaits you if you can help us steer the airship .
CAPTAIN JESSOP So you want us to rescue Paris and some of his Trojans before the Assyrians break in .
HELEN of TROY Take me with you and I plead the case for PARIS and THE trojans before the gods of Mount Olympus .
KEMP After the cucumber sandwiches will set sail from mount Olympus .
They leave the throne room over black and pink stone tiles down the stones steps and across the pyramids of Giza we're acrobats from mahoney's traveling circus have assembled near the airship which is now 20 foot up tethered to a wishing well with the crystal bucephalus device feeding it hydrogen and oxygen siphoned off from the River Nile .
KEMP I'll go up first and then send Helen up and Townsend Connor and JESSOP .
They climb into the cabin
TOWNSEND Turbines to speed

The acrobats from MAHONEY'S traveling circus wave them goodbye as the airship travels over the pyramids on its way to Caro and then along the River Nile towards the blue waters of the Mediterranean .
KEMP Just head over Cairo till you reach the River Nile then follow it up .
JESSOP So why is the sphinx such an elaborate monument unlike the pyramids which are basically designed .
HELEN of TROY In honor of OSIRIS who was revered by his sister Isis and placed within the tomb of the SPHINX .
FISHER Osiris was a god .
HELEN of TROY He was a god of fertility , and married his sister ISIS .
JESSOP Increase to full power .

Kemp pulls on the acceleration lever and the airship goes to full power gliding over the River Nile then reaching the Mediterranean over the sea towards GREECE .Connor hands Helen a console .
CONNOR We have satellite navigation of the area. Can you pinpoint where we're heading to ?
HELEN of TROY We're on our way to Olympus lyceum which is at the foot of mount Olympus .
KEMP A range of mountains .?
HELEN of TROY That range of mountains from there we can get an audience with the gods .
TOWNSEND They won't mind just dropping in.
HELEN of TROY If you ask nicely at the Colosseum at the town of lyceum Hermes will come down from the parthenon from one of the peaks of OLYMPUS .
CONNER If we give him a Transmitter and a phone we can speak to Zeus .
FISHER So this Osiris was very potent .
HELEN of TROY Yes he was so potent we built the sphinx .
FISHER Increase to full power .
JESSOP We want to get there by this afternoon .
KEMP pushes a leaver and pumps more liquid oxygen into the jets and the airship increases speed and passes the coast of Greece towards the high mountain range of Olympus .
The airship goes over flat lands and grasslands then a forest arriving on a large plateau at the base of a mounting range.
HELEN of TROY If you land near the stone columns at the center of TOWN .
The airship descends into an arena surrounded by stone columns with seating arrangements in a semi-circle and lands in the center of the stage .
The intrepid crew disembark and Helen walks up to a bell tower and pulls a rope creating a low pitch resounding ring .
HELEN of TROY That chime will be heard up on the mountain and they'll send Hermes down to talk to us
JESSOP, KENT ,TOWNSEND, and CONNER sit on the first row of the stage .
JESSOP while waiting for Mercury CONNER get those tripods up .Connect the airship to that bell tower and send it back up for a quick getaway.
KEMP We'll set up a transmitter here and then we'll send a transmitter up with a handset .
CONNER That'll make mercury's job easier .

Mercury appears on stage dressed in a single bed sheet with a silver band on his scalp .
MERCURY Who requests an audience ?
HELEN of TROY I must tell the gods of my people who're in danger over at TROY .
MERCURY ZEUS he won't be disturbed before breakfast he'll be down once he's had his corn flakes if you can tell quickly tell me the nature of the emergency .
TOWNSEND Encase you didn't realize Troy is under siege by the Assyrians and HELEN escaped to CARO but she's left children there .
HELEN of TROY Paris is still trying to defend the city of Troy .
MERCURY We spend that time in peace and tranquility free from the labors of Man
KEMP If you can rouse some troops we might be able to save Troy from the Invasion .
From the Parthenon leading up to mount Olympus soldiers wearing metal and leather armor wearing helmets and caring spears come in and secure the Colosseum ,
ZEUS comes into the open air theater and a throne is placed at this center with the scribes either side plucking on harps .
ZEUS Even if I can raise an army they wouldn't get there in time .
KEMP We have an airship but it can only carry five people
ZEUS I can send a message but the warlike ASSYRIANS probably won't listen .
HELEN of TROY But the Greek army is legendary for its power and strength
TOWNSEND We've just come from the Pharaoh and he has large oil reserves. We might be able to build some fast boats For your army to sail across the oceans and do battle it foreign lands .
ZEUS If you can build me some fast boats you'll have my full support and I will send a PAPAL DECREE for the Assyrians and try to avoid bloodshed .
ZEUS Mercury send a message to the Assyrians that the Trojans are now our responsibility .
HELEN of TROY In the meantime if I can take this message to the Assyrians who are besieging TROY . They might let the Trojans live.

ZEUS Then be off and make haste and I expect those new boats as quick as you can make them
CAPTAIN JESSOP Then I'll stay here with TOWNSEND and help you set up your communications to these phones .
TOWNSEND I'll put speaker mounts on the Colosseum .
JESSOP You can speak to your next visitors via these large speakers I'll mount atop the colessium pillars .
CONNOR should impress a primitive tribe
ZEUS It's agreed KEMP be on your way
KEMP, HELEN, and CONNOR walk over to the large bell tower and climb up into the cabin .
KEMP Turbine speed
CAPTAIN JESSOP Send down that toolkit .
ZEUS Centurion kit them out with bow and arrows, spears and battle armor .
KEMP Surely the Trojans have Spears and arrows they've been defending themselves for quite a while.
From the theater, the Greek gods wave them goodbye as the airship rises into the air and over the mountains of Olympus, heading towards Turkey, for a rendezvous at the besieged city of TROY.
KEMP My sat NAV says that this is a long journey.
CONNOR We may need the power of OSIRIS .
HELEN of TROY His sister ISIS honored him and so shall I.
Connor slowly brings the turbines up to full power over the aegean sea towards TROY.
